

## Continuing Education 2016 INVITATION

**Topic:** COPD update including the best use of the newly available inhalers

**Speaker:** Cat Chang, Respiratory Specialist, Waikato DHB

- Did you know that from the 1<sup>st</sup> March there are 6 new inhalers funded for the treatment of COPD?
- Do you know the key counselling points for these inhalers eg: technique, ADE?
- Can you confidently explain to your patients how to use these inhalers?

This is a timely update on best practice treatment and management of COPD, the place of various inhaled therapies, and an overview of the key counselling points associated with the new inhalers.

Cat Chang will also provide an update on the appropriate use of the SMART regime in Asthma.

There will be resources and placebo inhalers available on the evening for pharmacists to become familiar with.

**PHARMACY GUILD**  
OF NEW ZEALAND

**CE #2 2016**
